PRESIDENT'S MESSAGE

Summer is the season for outdoor activities and fun. Our dedicated volunteers have participated in many outdoor activities - although not for fun, but rather for SAVING lives!

Spring/Summer is the kitten season and kittens are reported everywhere in the Region. We need to trap these kitties before they grow old enough to give birth to kittens outdoors! And of course to find them HOMES too. Pregnant cats that we trapped were placed in foster homes to give birth if they were too far along pregnancy. A big thank you to the Foster Parents of these kittens and the pregnant cats. We had several Kitten Adoption Weekends the past few months and we are happy that many kittens found adoptive homes.

The increased intake of kittens resulted in a larger vet bill for PARS. It means we will need more FUNDS in order to save these lives! PARS will be having its first

GARAGE SALE

1TH HOME IS THE ONE!

MISTER MISTLETOE MISTER MOOSE

MISTER or MISTLETOE is a familiar name to our followers as he has been on FB for foster/adoptive homes 5 times!

MISTER was rescued in January and has been to 6 foster homes before he finally got adopted in mid-June! 7 is probably a lucky number for him!

MISTER is a friendly, loving & energetic dog, yet he was returned by almost every foster home he went to! Except for one home where he was returned due to being too strong and rambunctious, he was returned due to no fault of his own.

One foster mom was severely allergic to him, one fell and broke her arm, one had to go away, and In one foster home the smaller dogs there were afraid of him (too big)! We could not imagine the stress he (and we too) had to go through! Thankfully, MISTER has now found the right home. He has a huge property to run around every day with his "sister"! He also has the company of a few cats.

"MISTER is such a good boy and one of the sweetest dogs I have ever met. He just needs patience, love, and attention to keep him occupied and engaged. We have fallen in love with him and he truly is a gem. He is so happy, cuddly and fun. He just wants to be loved. He is fitting in so well. We have actually renamed him MOOSE!!! Although I do call him Mister at times. So it is Mister Moose! We love Mister Moose so much. He loves his sister Cora and running in his 2-acre fenced yard. His trip through all the foster homes led him to us. We couldn't be more grateful" - JACKIE, July 2023

**THANKS to JACKIE & her family for discovering this gem!
THANK YOU also to all his 6 fosters!**

"HOCKEY NET' KITTEN HELPED SAVED HIS FAMILY

PARS was contacted by a Mississauga Valley Blvd resident about a family of cats. He learned about them when a small kitten got caught in their hockey net. Luckily, they were able to pull her out with no injuries. Then they noticed the rest - a mom, a young male, and 5 more kittens.

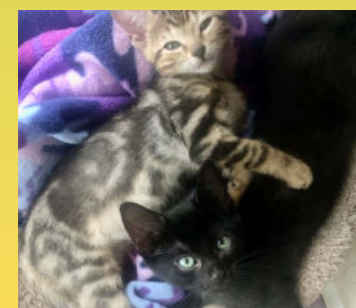

It took about a week to catch them all and there is one little runt about half the size of his siblings. He is Keegan (Tiny Flame) who weighed less than 1 lb! However, he is the most social and is showing his siblings how to act with people!

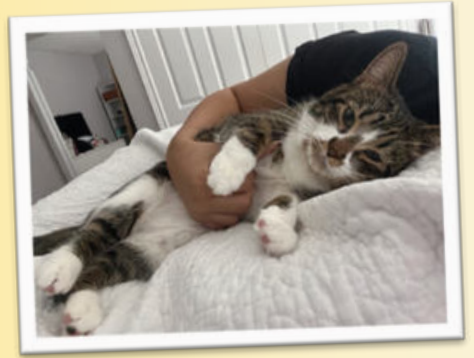

Thanks to Donna, our amazing Foster Mom who welcomed them in and started to socialize them as they were starting to be a bit hissy!

We are happy to report that all these Hockey Net Kittens have now been adopted. Keegan was adopted together with Dolly his sister since they were really bonded.

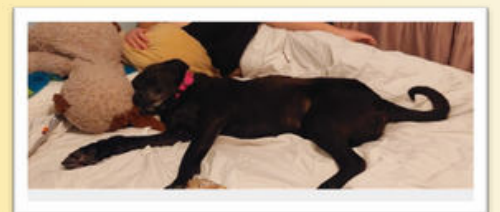

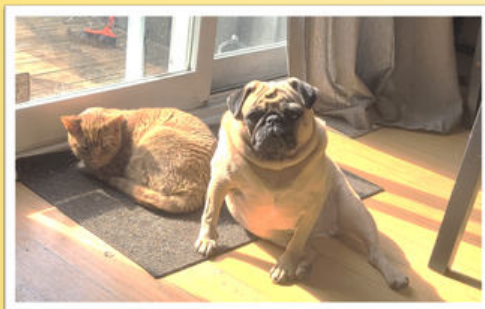

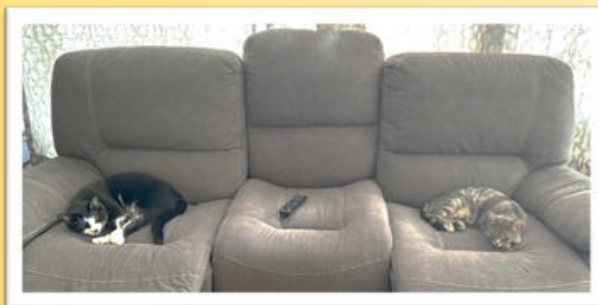

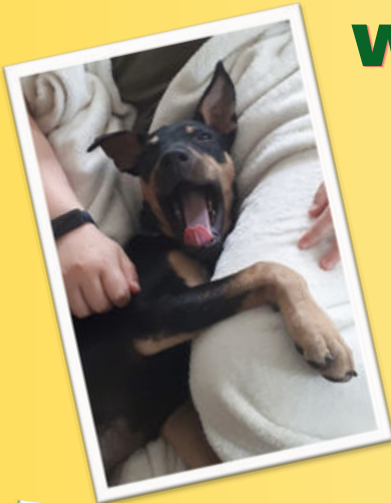

During this Kitten Season PARS is always looking for Foster Moms for Kittens. If you can help, please email PARS:
